FOR ALL OF US

bolsius
since 1870

MANIFESTO

Bolsius, For all of us

Since 1870 we have enhanced magical moments for you, and future generations. With respect to our heritage, an eye for quality and love for people and the planet, we are here for all of us.

We believe experiencing the magic created by the flame or fragrance in the comfort of our home leads to a greater sense of connection and, in turn, a more meaningful life.

So we say: take care of us.
Show kindness.
Choose love.
Respect nature.

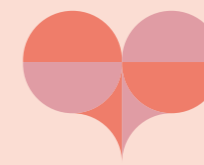

Step by step, we pioneer sustainable solutions as fair as we possibly can, working with natural extracts, natural vegan wax and no palm oil. Thanks to our irresistible style, best-in-class burning and fragrance, our products have the potential to make every moment a magical one; enabling you to reconnect with yourselves, your loved ones, and the world around you.

It may sound big, but actually it's not.
Just remember, we are here for you.
We are here for all of us.

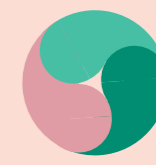

IRRESISTIBLE EXPERIENCE

With our strong heritage since 1870 and passion for home ambiance, we guarantee the highest quality. So you can enjoy a perfect flame and an excellent fragrance experience.

SOCIAL RESPONSIBILITY

Everything we do, we do with love for people and planet. That's why we produce our collections in Europe and minimize the usage of animal fat where we can.

MISSION GREEN

We love to keep on creating magical moments for you and future generations. That's why we pioneer with either olive, rapeseed or sunflower oil from Europe. We also use natural extracts, a cotton wick and are rethinking eco-friendly packaging. Our ecological footprint is on top of our minds!

With Bolsius True Joy we capture the beauty of nature in colours, shapes and fragrances. With an enchanting & natural fragrance experience and a giftable design. This way, we lever emotional relevance while attracting a new consumer segment: an opportunity to boost the total value of the fragrance category.

True Joy

Botanic Freshness

Imagine a walk through a summer garden surrounded by leafy green, aromatic herbal notes and a touch of citrus captured in Botanic Freshness.

Floral blessings

Create a relaxing moment surrounded by elegant flowers, juicy fruity elements and a hint of soft musk captured in Floral blessings.

Oriental Softness

Let's go cocooning surrounded by powdery amber, a subtle mix of spices and woody background notes, captured in Oriental Softness.

Bring added value to the category with our rustic candles. The trendy colours and various sizes will give plenty of choice to create the right ambiance in every interior.

Rustic candles

We find beauty in the smallest things. Like the sky after a night of rain in the morning, or how green leaves turn golden when seasons change. Our Rustic candle collection is inspired by colours and textures from nature. Made with love for people and planet, to bring the magic of nature home.

Sunset

A sunset is the sun's fiery kiss to the night. It is an explosion of colours, as the first beams of sunlight show the promise of a new dawn. We have captured that magical gradient of colours in our Sunset collection. In various nature-inspired colour tones, combined with subtle metallic finishes. Made with love for people and planet, to bring the magic of nature home.

Tealights

New Crystal lights

- With natural
vegan wax
- Palm oil free
- Cups from
recycled plastic

Tealights allow you to create an ambiance in any room. Bolsius tealights are available in different size bags and in a handy storage box so the tealights don't get damaged. The colour coding on the packaging shows the different burning hours of the tealights. Bolsius tealights give you many benefits; Premium quality, beautiful flame, steady burning behavior and minimal residu.

About our quality candles

Bolsius has been producing quality candles in multiple European production locations since 1870. Our specialists in marketing and research & development anticipate questions from the market and translate actual trends into appealing new products. No matter which products we introduce, they always live up to the highest quality standards.

The Bolsius quality seal, which you can find on our packaging, symbolizes this quality. You can also find the RAL quality stamp as well as the Green Dot logo on the packaging. The RAL quality stamp refers to an official European quality standard which offers guarantees in the area of standardization of sizes, weight, use of safe and pure raw materials as well as safe burning behavior. The Green Dot logo is an environmental registration logo. It means that we as a manufacturer contribute in the cost of separation of waste as well as the recycling system.

IT'S NOT
JUST
A CANDLE

it's so
much more

User instructions

Bolsius considers safety of paramount importance. Not using candles in the right way can be dangerous. We provide user instructions by means of pictograms on our packaging, according to the European law EN 15494 "Candles – Product safety labels" and EN 16740 "Emission safety of combustible air fresheners – User safety information". With these instructions, the consumer can enjoy the candles safely and optimally. The meaning of the pictograms can be found below.

General warning sign.

Never leave a burning candle unattended.

Keep away from things that can catch fire.

Keep away from children and pets.

Use a heat resistant candle holder.

Use in a suitable bowl filled with water.

Ventilate the room after use.

Avoid direct inhalation of any smoke.

Keep candles at least 10 cm apart.

Do not burn in a draught.

Do not place candles near a source of heat.

Place candles in an upright position. Candles on a slant can smoke or drip.

Trim wick to about 1 cm before lighting.

Always snuff out the flame. Do not blow it out.

Keep the wax pool clear of matches and other debris to avoid flaring.

Do not move a burning candle.

Never use liquid to extinguish.

Remove packaging before use.

Trim edge if higher than 1 cm.

Only use in holders and warming stoves with sufficient ventilation.

This candle liquefies, use a suitable container.

Do not touch, may be hot.

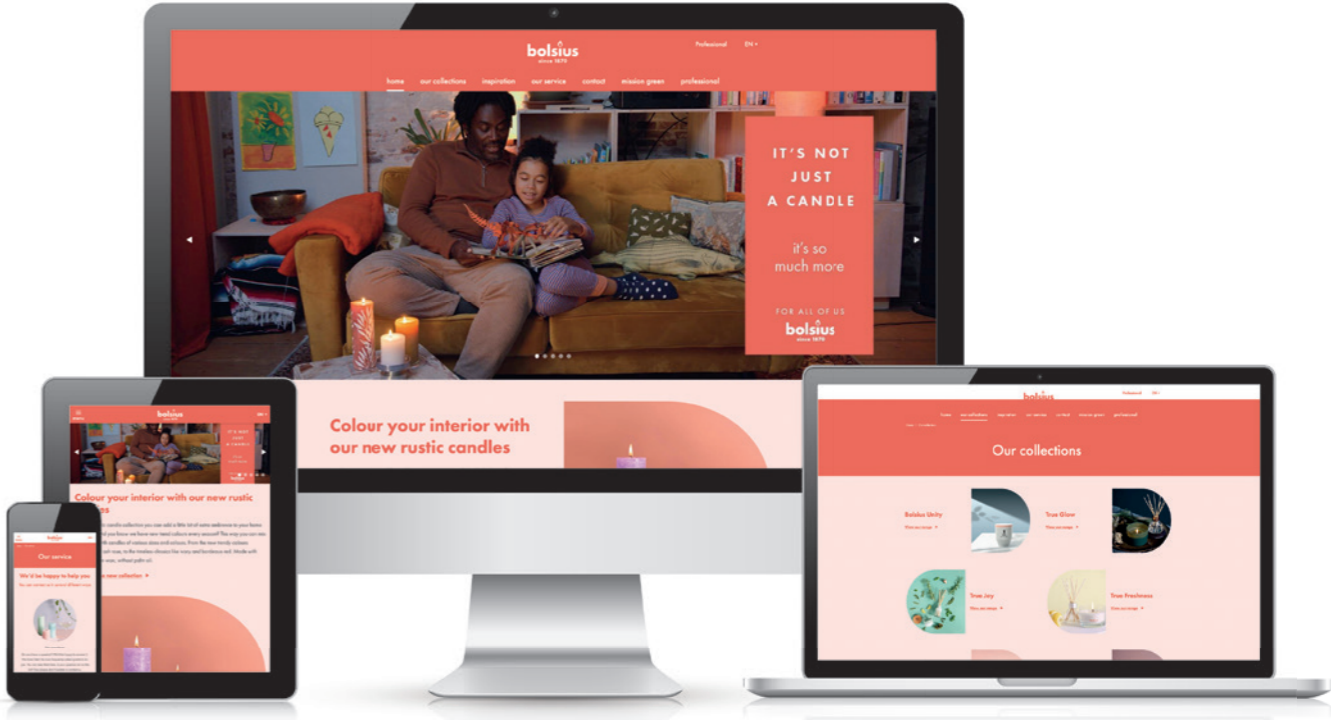

Do not burn in a warming unit.

Danger of burns from liquefied wax.

To avoid spatter, do not add water or fragrance oil to wax.

Not suitable for consumption.

Always place in upright position.
